

BEAUTY CARE PRODUCTS
CATALOG

The speed of the modern era is different from that of the past. So-called quality and technologies in beauty & cosmetic sectors are open to all and not a secret to succeed in business any more, thanks to a fast growing digital technology. The key to succeed and prosper in business is more about how to catch the fast change and adopt all options available at markets to find things that comfort and satisfy stubborn, changeable and picky consumers' needs. In line with that perspective, BTPRO has been in the beauty sector with a motto saying "GLOW YOURSELF." BTPRO helps the needs of people to be achieved by providing selective services with the best quality and prices for each need based on the know-how and all the possible manufacturing data it has accumulated over the years. BTPRO will continue to share ideas and goods with you, which, we hope, will be eventually beneficial to you all and result in creating a new pie at markets. Thank you.

Nail Care

The Professional's Choice. BTPRO has a file collection for all types of nails - Nail shaping, grooming, styling and polishing can be used on your fingernails, toenails, natural nails, acrylic nails and false nails to make your nails more natural and beautiful. BTPRO nail files that are great for all your filing needs, hobbies, crafts must be used in professional salons and DIY nail art at home.
